

# FUTURE FARMS

## Breeding and Training Facility

### Breeding Contract Transported Semen - Fresh, Chilled, Frozen

*This contract is for Transported Semen Only - If you are breeding your mare Naturally, you will need to sign a Natural Service Contract. If your mare is being inseminated at Future Farms, you will need to sign both contracts.*

Under this agreement Semen from the said Stallion will be shipped to the mare owner or Veterinary surgeon for the said Mare, at the agreed fee and following the terms and conditions as set out below.

A negative uterine swab is required of all visiting mares at the owner's expense. Breeding may commence upon the return of a negative swab.

Stallion -	Reg #				
Mare -	Reg #				
Service Fee -	Booking fee	:\$	.00	non refundable, payable on signing	
	Balance	:\$	.00	payable prior to shipping	
	<b>TOTAL</b>	<b>:\$</b>	<b>.00*</b>	<b>*This figure includes GST</b>	

**LFG - Live foal guarantee** - provided with all breedings at no additional cost - if the mare fails to produce a live foal (a foal which stands and nurses unassisted), a re breeding will be provided in the following season with a handling fee and agistment costs payable. The mare owner must provide proof to the satisfaction of Future Farms that the mare has not delivered a Live Foal and such proof must be provided within 7 days of delivery by the mare. If proof is not provided within 7 days the mare owner waives the right to any further entitlements under this agreement

For all Guarantees, it is a requirement that the Mare must have 42 day PPT (Positive Pregnancy Test), performed by the Veterinary who inseminated the mare. Should the Mare not have a 42 day PPT, NO Guarantee will apply.

In the event of any re breeding, should the stallion booked be sold or no longer standing at Future Farms, another stallion service from the stallion owner will be substituted.

If the mare fails to conceive or fails to have a live foal as defined in the Live foal Guarantee above, the mare owner may request to substitute another mare. This substitution will only be granted with the written permission of Future Farms.

PAGE 2. Terms and conditions continued from page one.

Should the said mare be bred to or inseminated by any other Stallion after service by the said stallion, this contract is automatically voided, and Future Farms reserves the right to refuse to execute any papers necessary for the registration of any foal from the said mare.

The mare owner agrees NOT to incorporate any of Future Farms stallions complete names in naming of their foal/s resulting from this breeding or any subsequent breeding. The mare owner further agrees that the following prefixes and suffixes will not be used in conjunction with any of Future Farms stallions names, Ibn, Bint.

**All costs relating to the semen collection, insemination and shipment / courier,  
Is the responsibility of the MARE OWNER!**

**General Conditions :**

*Service Fee payment is due in full, prior to the transporting of any Semen.*

*Payment of the balance entitles you to a live foal guarantee as set out in page one of this breeding contract.*

It is the Mare Owners responsibility that the Equitainer and components are returned complete and in good order within 48 hrs of receipt by the Mare Owner or their representative.

The mare owner shall advise Kate or Doyle Dertell of Future Farms immediately when the mare comes into season and give 48 hrs notice for possible shipment of semen. A firm order for Semen must be made at least 24 hours prior to collection time, and preferably the evening prior to, or by 10am on the day of required collection and shipment. Semen will only be shipped between 10am and 4pm, Monday to Friday. Shipments outside these days and hours may be requested, but not necessarily be made available. Future Farms cannot guarantee the collection and shipment of semen if circumstances do not permit on the day requested by the mare owner and Kate or Doyle Dertell of Future Farms will be under no liability if there is no shipment.

It is agreed that any courier used by Future Farms to transport Semen, is not an agent of Future Farms, and that any delay or default by the courier will not be the liability of Future Farms.

The mare owner agrees to engage the services of an experienced Veterinary Surgeon or a qualified Equine AI Breeding Technician, during each breeding cycle of the mare so as to enable maximum fertility.

The mare owner shall have the mare examined by a licensed Veterinarian surgeon for pregnancy at 21 days and 42 days from the last insemination, and shall deliver a certificate of the result of such examination to Future Farms within 7 days of the examination. Mare must be identified on the certificate by colour, Brands and Markings.

**Notes for Arabian Mare Owners**

To breed your mare by AI, it is a requirement of the AHSA that your mare be bloodtyped **prior** to insemination. Your mare must also be given **AI Approval** by the AHSA which can be obtained by requesting a form - we have a limited number of forms available for you if required.

It is also necessary that the mare owner complete a monthly AI report for the AHSA (A monthly report is also required from the Stallion owner)

**Information Sheet and Checklist for AI**

Please ensure that all details are complete and that your vet has a copy of this information.

**Agreement and Booking :**

- Take note of all conditions relating to the contact
- Fill in all information sections - contract will not be accepted unless all sections are complete, including the information about your Vet and the payment details for our Vet.
- Sign all pages of this contact
- Enclose Cheque, with contract and post back to us. (alternatively you can deposit your money directly in to our account - call for details)

**Notification and Payment for our Vet :**

- If you have not included credit card details on the contract, contact our Vet to organize payment.
- Follow the instructions below on notification :
- If you know when your mare will come in to season, notify us.
- If you are intending to bring your mare in to season artificially, notify us.
- As soon as you know your mare is in season, notify us. We need 48hrs notice of the possibility that we will need to ship semen.
- When you have a date (and/or time) that you want us to collect and ship, we need 24hrs notice, before collection. You will need to notify us the evening prior or by 10am on the morning that the collection is required.
- For example - if you need to inseminate on a Wednesday, we need to collect Tuesday morning, which means you need to let us know you need the Semen on Monday evening, or as early as possible on Tuesday morning. (absolutely before 10am) We can ship same day, at extra charges, providing sufficient notice is given and upon the availability of the stallion, staff, our Vet and the Courier.
- Please give a copy of this information to your Vet and explain to them that we will do what ever we possibly can to help, however, anything outside these guidelines will be difficult to organize.
- If you have any questions, we are only a call away - please contact us by phone, fax or email.
